

RESOLUTION NO. 2135-2023

A RESOLUTION OF THE CITY OF JACKSONVILLE BEACH, FLORIDA, AMENDING SOLID WASTE COLLECTION AND DISPOSAL FEES; PROVIDING FOR ADOPTION OF RECITALS, REPEAL OF PRIOR INCONSISTENT RESOLUTIONS AND COUNCIL DECISIONS, SEVERABILITY, AND AN EFFECTIVE DATE.

WHEREAS, Chapter 27 of the Code of Ordinances of the City of Jacksonville Beach, titled "Residential and Commercial Solid Waste Collection, Disposal, and Assessment," authorizes the City Council to set by resolution solid waste and disposal fees to charge residents, occupants, and owners of premises within the city for solid waste collection and disposal services; and

WHEREAS, on December 5, 2016, the City Council approved Resolution No. 1968-2016 adopting Solid Waste Collection and Disposal Fees and establishing an effective date; and

WHEREAS, a new franchise contract for the collection and disposal of solid waste was awarded by the City Council on December 5, 2022; and

WHEREAS, the City desires to repeal Resolution No. 1968-2016 and amend the fees for Solid Waste Collection and Disposal.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF JACKSONVILLE BEACH, FLORIDA, THAT:

SECTION 1. Adoption of Recitals. The foregoing recitals are deemed true and material parts of this resolution and are fully incorporated herein by reference.

SECTION 2. Intent. It is the intent of the City of Jacksonville Beach to adopt solid waste collection and disposal fees as authorized by Chapter 27 of the Code of Ordinances of the City of Jacksonville Beach for all solid waste collection and disposal services provided by the City.

SECTION 3. Definitions. The following definitions supplement the definitions in Chapter 27 of the Code of Ordinances of the City of Jacksonville Beach and in the most current scope of services awarded for implementing the solid waste collection and disposal services provided by the City.

- A. **Collection and Disposal Service** at a customer account type location includes all solid waste collection and disposal services provided by the City for garbage/trash, recycling, bulky waste and yard waste. The City currently has 5 categories of Collection and Disposal Service customer account types, which are: Residential, Small Commercial, Unique Commercial, Multifamily Dwelling and Commercial Establishment. Recycling services are open market for commercial customers and franchised for residential and multifamily customers. For residential customers, recycling is included in the monthly fee. All commercial and multifamily dwelling account customers pay for recycling based on

the recycling container cubic yard volume collected multiplied by the container cubic yard pick up fee.

- B. **Residential Collection and Disposal Service** shall mean garbage and household trash collection and disposal service to one single-family dwelling, or one living unit in a duplex or other multifamily dwelling utilizing toter(s). Residential recycling is included in the garbage/trash fee.
- C. **Small Commercial Collection and Disposal Service** shall mean garbage and commercial trash collection and disposal service to one small commercial business/office utilizing toter(s). Commercial recycling is an additional fee based on the recycling container cubic yard volume collected multiplied by the container cubic yard pick up fee.
- D. **Multifamily Dwelling Collection and Disposal Service** shall mean garbage and trash collection and disposal service for multifamily dwellings utilizing containers other than those described as toters for collection of garbage / trash. These containers, such as dumpsters, roll-offs, compactors, etc., are mechanically emptied by other than toter collection vehicles. The appropriate dumpster fees will be combined with the recycling volume collected (totter or other container) multiplied by the container cubic yard fee as appropriate, to accommodate the normal, regular solid waste collection volume of the customer.
- E. **Commercial Establishment Collection and Disposal Service** shall mean garbage and trash collection and disposal service for commercial and industrial establishments utilizing containers other than those described as toters for collection of garbage / trash. These containers, such as dumpsters, roll-offs, compactors, etc., are mechanically emptied by other than toter collection vehicles. The appropriate dumpster fees will be combined with the recycling volume collected (totter or other container) multiplied by the container cubic yard pick up fee as appropriate to accommodate the normal, regular solid waste collection volume of the customer.
- F. **Unique Commercial Collection and Disposal Service** shall mean garbage and commercial trash collection and disposal service to one commercial business/office/retail location using toter pickup service, wherein its regular solid waste collection volume would normally place the customer in the Commercial Establishment Service level with a larger container (such as a dumpster). However, the customer location cannot safely accommodate a dumpster enclosure or a sufficient number of toters. The appropriate garbage/trash toter fees will be combined with the recycling volume collected (totter or other container) plus the estimated constant bulky waste volume collected multiplied by the container cubic yard pick up fee to accommodate the normal, regular solid waste collection volume of the customer.

SECTION 4. Fees for Service. All residents, occupants and owners of premises in the City shall be required to have accumulations of solid waste and trash removed and disposed of by the solid waste collection and disposal franchisee, and shall pay the City the sums shown in **Exhibits A and B** for each service.

- A. **Residential, small commercial and unique commercial solid waste collection and disposal service** - For each customer receiving these services the fee for the collection of solid waste is hereby fixed and levied at the monthly rate stated in **Exhibit A** for: a) residential service for up to two (2) garbage toters and one (1) recycling toter and b) small

commercial service or unique commercial service for up to two (2) garbage toters. If more garbage toter capacity or residential recycling toter capacity is necessary, an additional fee per month is hereby fixed and levied for each added toter as stated in **Exhibit A**. Commercial recycling is an additional fee based on the recycling container cubic yard volume collected multiplied by the container cubic yard pick up fee. As determined by the City, unique commercial bulky waste is an additional fee based on the estimated constant bulky waste volume collected multiplied by the container cubic yard pick up fee.

- B. **Multifamily dwelling and commercial establishment solid waste collection and disposal service** - For customers receiving these type services, the monthly fees are hereby fixed and levied in accordance with the schedule shown in **Exhibit B**. The fee per one (1) container cubic yard is set in **Exhibit A**. These fees are subject to any additional fees that, by necessity, may be set by the city manager if service requirements warrant such additional charge in the opinion of the city manager or his/her designee. Recycling is an additional fee based on the recycling container cubic yard volume collected multiplied by the container cubic yard pick up fee.

SECTION 5. Repeal of Prior Inconsistent Resolutions and Council Decisions. Resolution No. 1968-2016 is hereby repealed in its entirety, and all other prior resolutions or parts of resolutions in conflict herewith are hereby repealed to the extent of the conflict.

SECTION 6. Severability. If any section, sentence, clause, or phrase of this resolution should be held invalid, unlawful, or unconstitutional, said determination shall not be held to invalidate or impair the validity, force, or effect of any other section, sentence, phrase, or portion of this resolution not otherwise determined to be invalid, unlawful, or unconstitutional.

SECTION 7. Effective Date. This resolution shall become effective on April 1, 2023.

AUTHENTICATED this 6th day of February, 2023.

Christine H. Hoffman, Mayor

Sheri Gosselin, City Clerk

Approved as to form and legal sufficiency:

Sandra R. Robinson, City Attorney

EXHIBIT A
Solid Waste Disposal and Collection Fees
