- ◆ After Hours Contact:
  1. Jason Farkas: 904-505-8688
  2. Chris McCarthy: 904-710-1631
  3. Jason Plauche: 904-759-6882

### PROJECT UPDATES:

**Currently installing 60" storm drain within 12th Ave. S. between 1st & 2nd St's S. Installing 29"x 45" ERCP drain within 2nd St. S. @ 12th Ave. S. Installing curb pads within 12th Ave. S. between 2nd & 3rd St's S. Installing 54" storm drain from 12th Ave. S. retention pond to 4th St. S. Removing & replacing sewer manhole just south of 12th Ave S & the alleyway. Performed preliminary startup of the Beach Blvd. Stormwater PS on 10/11/19.**

During the excavation phase of this project, the roads will be torn up and there will be times, during normal working hours, when local residents may not be able to access their driveways. During these times, business customers and residents may have to park in the surrounding area until the roadway is backfilled and available for access. All driveways will be accessible at the end of each day. Our contractor has already video taped the project area to establish the existing conditions prior to starting construction. As construction progresses, the contractor may be contacting individual property owners to identify the location and condition of their private irrigation systems within the project area. Any irrigation systems damaged by the contractor will be repaired by the contractor at no cost to the property owner.

THANK YOU FOR YOUR PATIENCE
